Ray Kelly, Community Member
Mark Washington
Tre Murphy

Missing in Attendance

Director Shantay Jackson
Lisa Robinson
Lisa Walther-Rodriguez
Tyler Sally

Staff

Adam Abadir, MOGR
Director Natasha Mehu, MOGR

Update on Legislative Process

Draft language will be released and it's important for everyone to review and give any feedback. If the Board gives their approval, the bill will be introduced at the June 21st hearing and would need to be passed by the July 25th Council hearing. That would give enough time for the Mayor to sign the bill and submit to the Board of Elections by August 5th. We have until the November election to work on educating the public.

Update on Outreach Process and Budget

We will have 6-9 meetings across the City, in-person and virtual. We will need to work together to secure spaces across the City and then get the word out to the community. A final decision on a budget is pending.

Committee agreed to create a one-pager in preparation for the November bill. Will hold off until the bill passes Council.

Suggestion to write a press release or op-ed to educate and draft a narrative of what this bill does and what are next steps.
